The Waltham Directory

MASSACHUSETTS

1930-1931

Containing

Alphabetical Section (page 165). Gives names, occupations and addresses of all men and women eighteen years old or over and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department (the wife's name being in parentheses) also incorporated companies and their officers with much other information that cannot be found elsewhere.

Business Directory (page 581). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

House Directory (page 417) A list of Householders and Places of Business arranged in numerical order upon their respective streets. The Streets are arranged in alphabetical order. The location of Intersecting Streets is clearly shown at the actual numbers where they intersect.

Advertising Department (page 65). Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (opposite). The clearest map ever made of the city, on a scale large enough to see and small enough to be handled easily.

Miscellaneous Information (page 6). Organization of City Departments, giving officers—Cemeteries—Post Office branches—Parcel Post zones and rates—Churches and Ministers—Societies, Institutions, etc., with officers—Courts—Population tables,—Calendar, etc.

Historical Outline

Situated on the beautiful Charles River, nine miles to the west of Boston, the rich and fertile plain on which stands the present city of Waltham was called Eden Vale by the earliest settlers.

In 1738 this area, which then comprised the Western Precinct of the town of Watertown, was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788 that it became anything more than an agricultural community.

In 1826 Waltham achieved the distinction of a daily stage to Boston, and, with the improved transportation thus afforded, became a popular residential town. One of the early Governors of Massachusetts, Christopher Gore (1809), built a magnificent house with bricks brought from England, and surrounded it with imported shrubs and trees. This house and the extensive grounds are now the property of the Waltham Country Club.

In 1844 the Fitchburg railroad was opened to travel. Forty years later, Waltham had outgrown town government, and was incorporated a city on June 2, 1884. The last three decades have seen a rapid increase in the number of homes within its borders, not at all surprising in view of the advantages which Waltham offers both to those who commute to Boston and to those who work near their homes. There are excellent automobile roads, eight convenient stations on the steam railroads, and bus lines which connect with the Boston Elevated system at half a dozen points.

Waltham's population in 1765 was 663; in 1865, 6,896; and in 1930, 40,000; with a potential population of 250,000, residing in the surrounding cities and towns. It is essentially an industrial city. With an area of $13\frac{1}{2}$ square miles, the city has ample room for expansion without overcrowding.

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Divisions of the Boston & Maine Railroad. Together with the Watertown Branch these roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville.

Paper manufacturing was the chief business of the town in the early days. Here, in 1788, John Boies, taking advantage of the waterpower privileges on the Charles, built a paper mill. This was soon followed by similar mills at the western and eastern boundaries of the town. In 1812 came the Boston Manufacturing Company, famed the world over as the first complete cotton mill to include both spinning and weaving by power under one roof.

Waltham is often familiarly called the "Watch City" because for years the making of fine watches was its principal industry. The Waltham Watch Company, one of the largest manufacturers of watches in the world, was the first to make fine watches by machinery. In Waltham, too, kerosene was first refined and made available for household and commercial use.

There are 114 factories engaged in the manufacture of watches, clocks, knit goods, precision machinery, furniture, canoes, enamel ware, jewel bearings, plumbing supplies, yard goods, paper, iron and brass castings, traffic signs, die stuffs, window frames, ice cream equipment, optical goods, paper tubes, automatic irrigation systems, dairy and poultry food, pest exterminators, mica products, electrical switches, batteries, sales books, loose leaf account systems, paper box machinery, grinding wheels, rivets, builders' finish, lacquer-chemicals, gauges, patent leather, oil burners and rayon metering pumps, also hundreds of other products.

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products, it has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau, and the Federation of Farm Bureaus. The experimental station of the Massachusetts Agricultural College was transfered to this city some years ago.

Waltham stores are well stocked and well managed, and carry a complete range of merchandise at prices as favorable as any in the large centers.

There are two fine and progressive commercial banks, with a combined capital and surplus of over $1,400,000 and deposits of over $13,500,000. The Waltham National Bank, the older of the two commercial banks, founded in 1836, has a capital and surplus of over $650,000. The Waltham Trust Company, organized in 1903, has resources of over $10,0 0,000. Both of the commercial banks are members of the Federal Reserve System. In addition to these, Waltham has a Savings Bank seventy years old with deposits of nearly $10,000,000 and over 15,000 depositors. There are two co-operative banks: the Waltham Co-operative Bank, which was organized fifty years ago, and the Watch City Co-operative Bank, incorporated in 1914.

There are twenty church congregations, also numerous philanthropic societies. Every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization. Three theatres, attractive in their appointments, present entertainment of a high grade. There are three hospitals, and in addition to these, there is the excellent Waltham Training School for Nurses.

The superior water supply of the city is derived from driven wells fed by underground courses, but in case of need the city can tap the Metropolitan system at a comparatively small expense. Practically all of the residential and business districts are connected with the sewer, of which there are now 57.38 miles. Disposition of the sewage is made through the South Metropolitan system. The tax rate in Waltham is among the lowest in the cities of Massachusetts. This has not been brought about by excessive valuations. The valuation of the city for 1930 was $60,605,700.

Nearly Six thousand pupils are enrolled in the twenty-four public schools. The Junior High School buildings are of the modern type, each with a spacious auditorium extensively used for community purposes. Besides its public schools, Waltham has four parochial schools, two of them extending through high school grades. There are also two private schools —the Waltham School for Girls, and the Mount Prospect School for Boys and one business school.

With parks, playgrounds and other facilities for outdoor recreation, Waltham is bountifully supplied. In the center of the city there is an unusually fine Common. Prospect Hill Park is a natural beauty spot such as can seldom be found within walking distance of a busy city. The Cornelia Warren Park, lying between Waltham and Waverley contains 67.78 acres, largely woodland. The Girl Scout headquarters, are housed in the spacious mansion on Cedar Hill, left for the purpose by Miss Cornelia Warren. There is also the High School Athletic Field, and ten active playgrounds competently supervised and with an efficient corps of instructors. The Charles River, with its facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England.

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains.

Waltham has an excellent supply of both skilled and unskilled labor. Much of this population is native New England stock with a permanent residence in the city. Fire hazard and insurance rates are low, land values and rents are reasonable.

Along both lines of railroad there are many acres of land available for manufacturing plants, some so located that only a few hundred feet of spur tracks are needed, The City itself owns a large tract of land at Roberts Station, which has been specially set aside for manufacturing purposes. This land is offered at much less than the assessed valuation to industries planning to build within a year of purchase.

Good government, good roads, good schools, congenial social conditions, a high standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above the average, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Waltham has them all.

The Waltham Chamber of Commerce welcomes inquiries from manufacturers and will be glad to make a complete and intelligent survey of the situation for any prospective newcomer with particular reference to his special needs.

WALTHAM PUBLIC LIBRARY

735 Main Street

Board of Trustees—Michael J. Connolly, Chairman; Mrs. Christina Fulton, Secretary; Rev. James J. Baxter, Rev. Francis E. Webster, Miss Corinne E. Boucher, William H. Slayton

Librarian—Leslie T. Little

Assistants—Raymah H. Smith, Mildred M. Partridge, Nora C. Rooney, Ethel M. Nute, Helen M. Nims, Barbara C. Partridge, Mabel Buell, F. Dorothea Williams, May E. Jones, Helen L. Hosmer

The Waltham Public Library is the union of three libraries. (1) The Waltham Social Library, founded in 1798, and the earliest Waltham library, was given to the Unitarian Society, and later, in 1865, was presented to the town. (2) The early Boston Manufacturing Company's Manufacturers' Library was given to the Rumford Institute Library, which, in turn, offered all of its books to the town in 1865. (3) The Agricultural Library of the Waltham Farmers' Club was presented to the town in 1874. The Public Library was first housed (1865) in the Bank Building on Main street. In 1879 it was moved to the corner of Charles and Moody streets (Welch Block). In December, 1915, the Library was moved to the present building, which is the gift of a Waltham citizen, Francis Buttrick. The cost of the building was $124,000

There are two Branch Libraries, the South Branch, established in 1919, now located in the South Junior High School Building, and the Lakeview Branch, established in 1925, in the Nahum Hardy School, Lake street

There are about 85,561 volumes in the Library. About 300 newspapers and periodicals are received. There is also an excellent collection of pictures on every subject, arranged in

classified form, which may be taken from the building. The Library undertakes to help all by supplying information and in looking up difficult reference questions when requested

The circulation in 1929 was 331,788, an average of 8½ books per capita. The City appropriates about $38,730 a year for the support of the Library and its Branches. There are in addition six endowment funds for the purchase of books: The Lowell Clark Fund of $5,000; The Enos T. Luce Fund of $1,000; The Jacob Whitney Fund of $1,000; The Porter L. Newton Education Fund of $5,000, The Phineas Lawrence Fund of $2,500 and The Lorenza Haynes Bequest of $1,000, which yield about $700 a year

The limit of weight of packages of this class is 4 pounds, except in the case of a single volume of a book, to which there is no limit of weight, and miscellaneous printed matter which is subjected to Parcel Post rates and conditions when in excess of 4 pounds.

For rates of bulk mailings of third-class matter, consult Post Office.

Fourth-Class Matter—Parcel Post.

Fourth-Class Matter, known as domestic parcel-post mail, includes all parcels over 8 ounces in weight containing circulars, books, catalogues, and other matter wholly in print, together with merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions and plants, and all other mailable matter not embraced in the first and second classes. The same matter in parcels weighing 8 ounces or less is embraced in third-class mail on which the **rate of postage** is 1½ cents for each 2 ounces or fraction of 2 ounces except for books (including catalogues) having 24 pages or more, seeds, cuttings, bulbs, roots, scions and plants, on which the rate is 1 cent for each 2 ounces or fraction thereof, up to and including 8 ounces, to be fully prepaid.

Rates of Postage on Fourth-class Matter (over 8 ounces)—To be Fully Prepaid—are by the pound, according to distance or zone, a fraction of a pound being computed as a full pound, and in addition a service charge of 2 cents for each parcel except upon those collected on rural-delivery routes.

Rates of Postage—To be Fully Prepaid—Unsealed—are as follows:—(a) Parcels weighing 8 ounces or less, except books, seeds, plants, etc, 1½ cents for each two ounces or fraction thereof, any distance. (b) Parcels weighing 8 ounces or less, containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each two ounces or fraction thereof, regardless of distance. Other parcels of fourth-class matter weighing more than eight ounces, are mailable at pound rates varying in amount according to the distance to be conveyed, the country being divided into eight zones: the minimum being seven cents for the first pound or fraction of a pound, and one cent for each additional two pounds or fraction of two pounds, and the maximum thirteen cents for the first pound or fraction of a pound, and twelve cents for each additional pound or fraction of a pound.

Insurance on Parcels.—A mailable parcel on which the postage is fully prepaid may be insured against loss, damage or rifling, upon payment of a fee. Such mail may be insured at any post office or station thereof, or by rural carriers.

Actual value not exceeding $5.....	.05	Actual value not exceeding $50.....	.10
Actual value not exceeding $25.....	.08	Actual value not exceeding $100.....	.25

In addition to the postage, both to be prepaid with stamps. It can not be registered

Special Handling of Fourth Class Matter—Guarantees the same handling to parcel post matter that first-class matter receives, for which a fee of 10 cents is charged for 2 pounds or less, 15 cents for over 2 pounds and not more than ten, 20 cents for over 10 pounds, while in transit.

Special Delivery.—Fee of 15 cents is charged for 2 pounds or less, 25 cents for over 2 pounds and not more than ten, 35 cents for over 10 pounds. This service provides for handling and transportation the same as first-class mail and special delivery to addressee.

Return Receipt for Insured Parcels may be obtained for added charge of 3 cents.

Indemnity for Insured Parcels is paid for the actual value of the lost article within the limit of insurance, or for the actual, usual, direct and necessary cost of repairing partially damaged articles, provided they were packed and indorsed in accordance with the postal requirements. Claims for indemnity must be filed within six months from date of mailing.

C. O. D. Service, Conditions and Fee.—Parcels of fourth-class or parcel post matter may be sent "C. O. D." from one domestic money-order post office to another, not exceeding $10, for fee of 12 cents, not exceeding $50, fee 15 cents not exceeding $100, fee 25 cents, in addition to the postage, both to be prepaid with stamps affixed, but not to any foreign country except Mexico. The amount to be remitted to the sender must not exceed $100. A "C. O. D." tag furnished by the postmaster must be filled in by the sender and attached to the parcel. The "C. O. D." fee also covers insurance against loss, rifling, and damage up to actual value according to fee.

International "C. O. D." Service to Mexico.—Registered international parcel post packages, registered Postal Union samples of merchandise and registered packages of merchandise weighing not more than 8 ounces and bearing postage at the rate of 1½ cents for each 2 ounces or fraction of 2 ounces, may be sent collect on delivery from any money-order post office in the United States to any money-order post office in Mexico when the amount of C. O. D. charges or the amount of insurance desired is not over $10 upon prepayment of a fee of 30 cents, from $10.01 to $50 for a fee of 45 cents, and from $50.01 to $100 for a fee of 60 cents, in addition to postage

A Receipt is given to the sender of a "C. O. D." parcel at the time of mailing, but no return receipt is furnished as the remittance shows that delivery has been made.

Examination of Contents of a "C. O. D." Parcel not permitted until it has been receipted for and all charges paid.

Indemnity for Lost "C. O. D." Parcels is paid for the actual value not to exceed $100, under the conditions governing the payment of indemnity for lost insured parcels.

Forwarding and Return—A new prepayment of postage at the rate applicable between the forwarding office and the one to which fourth-class matter is to be forwarded must be made by the addressee or by some one for him each time it is forwarded. A parcel can not be forwarded to a person other than the original addressee. A new prepayment of postage must also be made before undeliverable fourth-class matter may be returned to the sender. No additional insurance or C. O. D. fee is required for the forwarding or return of insured and C. O. D. parcels.

All stamps good for postage except Special Delivery and Special Handling.

ADDRESSING

Addressing is one important detail if you wish to get maximum results from any mail campaign.

Envelopes not accurately addressed are generally near enough right so that they do not come back to the sender—But they do hurt results if they look poor or have wrong first names or initials.

We offer a complete service including—Lists—Use of Lists—Addressing—Mailing—Copy Work—and Letters which are exactly like typewritten copies.

Buy Shares to save money.

Many people have an impression that a Co-operative Bank is for the purpose of owning a home—an investment on Real Estate.

While this is so, the bank is by no means an exclusive institution for a home investor.

You can save money in a Co-operative Bank and never invest in Real Estate.

Each Share at $1.00 per month returns you $200.00 in approximately 12 years.

If at any time you need the money invested it is yours, with the interest it has earned.

You do not lose interest by withdrawing.

When men want to buy

They look in the Directory to Find where to Buy.

If your Name is in Heavy Type under the Proper Headings and you *Explain Clearly* in this Section of the Book what you sell, you get the Business.

take a VACATION

from those out of date home furnishings

YOU don't have to leave home to get relief from surroundings that pall. Often, a few new touches in the furnishings of your rooms will give your home an entirely fresh appeal!

"Retire" those pieces that have outlived their usefulness. "Pension off" those dingy floor coverings. Brighten your home with furnishings chosen from our vast displays. It's like taking a year-round vacation!

And you can do it *now*, merely by budgeting your investment in our modern, sensible way. Drop in today and let us show you how.

LETTERS

For many years we have experimented with various methods of producing letters which really look like typewritten copies.

To get your letter before a busy executive it must look exactly like one of his regular business messages.

The Kier Individualizing Press is a new invention and with it we are furnishing letters which are exactly like those written individually upon a typewriter.

Let us send you not only samples but proofs of what our letters are doing for others.

We offer a complete service including—Lists—Use of Lists—Addressing—Mailing—Copy Work.

LISTS

To get maximum results from any mail campaign you should use extreme care in getting your list of prospects.

Often we find it advisable to address from our own Master Lists instead of having a client go to the expense of buying the names.

No matter what your list requirements may be, it can do no harm to talk over the requirements with us.

Remember we furnish both national and local lists.

We offer a complete service including—Lists—Use of Lists—Addressing—Mailing—Copy Work—and Letters which are exactly like Typewritten Copies.

Too Late for This Issue?

Then arrange NOW to have your name properly listed and your business classified and cross indexed in the next edition of the Waltham Directory.

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put "We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly listed under all headings in the directory that describe it's product, is wise.

How to Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

The Guide Post to the City

Is Never Further Removed From You Than the Nearest City Directory

Anything and Everything you might wish to learn as regards the civic, social, commercial or industrial life and phases of the community is therein, at your finger tips, in a concise, correct, non-partisan, and detailed manner. The information is completely standardized in order that it may be just as easy for you to find what you wish to determine in any City Directory, as in the Directory of your own city.

For free access to the books of other cities visit the nearest City Directory Library. A list of the City Directory Libraries, together with a privilege card will be sent you upon request to

SAMPSON & MURDOCK CO.

377 BROADWAY - BOSTON, MASS.

WALTHAM HOUSE DIRECTORY

AND

DIRECTORY OF STREETS

COPYRIGHT, 1930, SAMPSON & MURDOCK CO., BOSTON, MASS.

EXPLANATION—In the House Directory residences and places of business, designated by their street numbers, are arranged in numerical order upon their respective streets those upon the right side of a street appearing first, followed by those upon the left side

Names are given against their proper street number, and when a house is not numbered a cipher is substituted for the street number

Boarders are denoted by the abbreviation b, and business men at their place of business are denoted by the street number printed in heavy-faced figures. Names of all others are those of housekeepers

When a person's place of business and residence are at the same place, it is indicated by the use both of heavy-faced figures for the street number and of the abbreviation h at the end of the line

Names of cross streets appear at their place of intersection

After the name of a street the word STREET is omitted; the words Newton, Lincoln and Lexington, when referring to city or towns of those names, are followed by the word LINE; when not followed by the word LINE they are names of streets

*Streets which have not been accepted by the city are indicated by an asterisk

*An asterisk preceding a house number signifies that the house is incorrectly numbered

**Streets, a part of which have been accepted and a part remains unaccepted, are indicated by two asterisks

ABBREVIATIONS—av, avenue; b, boards; ct, court; E, east; fr, from; h, house; N, north; nr, near; pl, place; r, residence in rear; r, place of business in rear; rd, road; S, south; sq, square; ter, terrace; W, west; wd, ward. For other abbreviations see Index to Contents
